INTERVIEW SUMMARY

Commissioner for Patents

Sir:

Pursuant to a conversation between Examiner, Anne R. Kubelik, and Attorney for Applicant, James E. Bauersmith, on January 21, 2003, the Applicants submit herewith a brief Interview Summary.

Applicants note with appreciation the Examiner's acknowledgment of a new response date which has been set based on the January 7, 2003 mailing date of inadvertently omitted prior art references which were not enclosed in the previous Office Action mailed on October 22, 2002. Specifically, both the Examiner and the Attorney for Applicant verified the establishment of the new due date based on the January 7, 2003 mailing date of the omitted references. Attorney for Applicant also acknowledged receipt of the pertinent prior art references and, as a result, can now respond fully to the current rejections and objections.

Respectfully submitted,
